EXPERIENCE

PHP Developer, *Slotegrator, August 2020 – August 2022*

- Developed and maintained websites using Laravel and Yii2 frameworks, optimizing loading speed and updating designs.
- Notable achievements:
  - Developed talentgrator.com (Laravel framework + frontend), a multilingual job search site, from scratch.
  - Built client.slotegrator.pro (Laravel framework), a service for storing provider and game information.
  - Modernized slotegrator.pro (Yii2 framework), enhancing functionality and implementing SEO improvements.

PHP Developer, *Leadsgenuine, October 2018 – August 2020*

- Specialized in landing page development, user registration, API integration, and payment system connections.
- Notable achievements:
  - Efficiently set up numerous landing pages and integrated various partner's API.

- Created a system displaying user data for partners and importing lead data through Excel files.

PHP Developer, *Devkeeper, June 2017 – March 2020*
- Contributed to the design and development of engineering software using various frameworks and technologies.
- Notable achievements:
  - Developed a web interface for Yoltik and Raduga2 projects, utilizing Bitrix and Yii2 frameworks.
  - Worked on SAS SCR2 alarm system, integrating AngularJS for frontend and Yii2 framework for backend.
